**SWEET BRIAR**  
COLLEGE

## Our Program

Sweet Briar College is again proud to offer **Kids In College (KIC)**, an invigorating program of exploration into the exciting arts and sciences. Led by expert instructors, **KIC** classes provide an in-depth, fun-filled summer educational experience.

Students choose two classes in which to participate for the week. Instructors build upon each day's activities in order to provide a thorough exploration of the topic. With small classes of between 10 and 16 students, your child will get personal attention and guidance through a variety of fascinating subjects.

In addition to an exciting educational opportunity and a chance to try out college, your child will receive a **KIC** T-shirt. All classroom supplies are included in the tuition.

Parents who wish to participate are welcome to join us as volunteers for the week. Please see the contact information on the front of the brochure if you are interested in volunteering or have any questions.

Detailed pick up and drop off instructions will be provided in the mailing with your confirmation.

## Sweet Briar Welcomes You

Parents are invited to explore the scenic Sweet Briar campus. Discover the extensive nature trails covering our 3,250-acre campus, take a walking tour of our national historic district, or browse through our selection of popular literature while enjoying a cappuccino from our Book Shop Café.

After picking up your children, we invite you to purchase lunch in the Prothro Dining Room.

For more information about Sweet Briar College, visit our Web site: [www.sbc.edu](http://www.sbc.edu)

## Program Specifics

### **When:**

- June 15-19, 2009
- 9 a.m. to noon

### **Daily program schedule:**

- Drop off..... 8:35 to 9 a.m.
- Class #1 ..... 9 to 10:20 a.m.
- Class #2 ..... 10:40 a.m. to noon
- Pick up ..... noon to 12:15 p.m.

### **Participants:**

- Current third through eighth grade-students

### **Program cost:**

- \$90 per child

### **Registration deadline:**

- May 29 — Get your registration in early, as space is limited. Registration and classes are filled on a **first-come, first-served** basis.

### **Confirmation:**

- A letter of confirmation containing class assignments will be **e-mailed** by June 5. Requests for refund should be made **in writing** and received by May 29. After this date, we will be unable to refund your tuition.

### **Capstone showcase:**

- On Friday, June 19, parents are invited to join their child in their classes to see the activities they've participated in that week.

# Class Descriptions

- 1) INTRODUCTION TO GOLF** This class will include an introduction to the fundamentals of golf with emphasis on safety and fun. Fundamentals include grip, posture, alignment, balance, golf course etiquette and golf club design. Students will be given drills to take home and practice. Please bring a No. 7 iron with you to class.
  
- 2) IMPROVE YOUR GOLF** This class will include the same fundamentals as the Introduction to Golf, but at an advanced level. Bring a #7 iron if you have one.
  
- 3) LEARN TO TAP DANCE** How do tap dancers make so many sounds with only two feet? Whether you have already taken lessons or don't even know what a tap shoe looks like, this class will teach you to love all that is tap. Bring tap shoes if available, but all you really need is your feet. Come learn the basics and feel the rhythm!
  
- 4) CHESS** Learn to play a great game of chess. Beginners and up are welcome. Learn the four-move checkmate and the mystery of the en passant move! Become strategy rich, and cash in your pawns for queens
  
- 5) PINHOLE PHOTOGRAPHY** Somewhere between art and science is something that seems like magic. Make your own working camera from an empty box and develop pictures in a real darkroom.
  
- 6) MAKE ART WITH NATURE, PART I** Come join us for a week of crafts and adventure in nature. We will build a shelter made of sticks and leaves and our artistic flair, take a hike and collect natural materials to make art and make our very own "dirt shirts." We also will experiment with our senses by listening to sounds in nature and using our senses of smell, sight and touch to inspire some of our creations. The art will be in collaboration with nature, so some of our work will stay in place outdoors while other art pieces can be taken home. Be ready to play outdoors, so wear sneakers or closed-toed shoes and come dressed for the weather.

- 7) MAKE ART WITH NATURE, PART II** This advance program offers just as much enjoyment in the outdoors as "Make Art with Nature, Part I" workshop, only we will be taking our art making a step further. Plan on finding pigments from plants and minerals in nature to use as paint, build a group sculpture out of rocks, make art that floats from natural materials and much more. Some art you will be able to take home, other art projects will be left in nature as a monument to our collaboration with the elements. Be ready to play outdoors, so wear sneakers or closed toed shoes and come dressed for the weather and prepare to get dirty. (*"Make Art with Nature, Part I" is not a prerequisite. Both workshops complement each other.*)
  
- 8) YARNWORKS** Enjoy a week of fun learning to knit, crochet and weave. Beginners and students with past knitting experience are welcome. Project ideas will be presented for those who are just starting out. Whatever you want to make — a scarf, a hat, a dog sweater, weave a table mat — we'll have fun figuring out how to do it together. We'll have a vast array of yarn colors for you to choose from or you can bring your own special (fuzzy, sparkly or bumpy) yarn for your project. If you bring your own yarn, please be sure to bring the matching size needles and hook, as well. Please feel free to sign up for one or both sessions by marking this class twice under class selections.
  
- 9) YOGA FOR KIDS** All levels of experience. What fun we'll have! This will be a physically based yoga class. The many poses we will practice include: roller coaster, flamingo, scorpion, child's, rocking horse, tree, proud warrior, butterfly, fish, airplane, gorilla, cat, cobra, king of the dance, shooting bow, mountain, camel, hero, lion and cow face. Come find out which will be your favorite!
  
- 10) THE ART AND SCIENCE OF SWORDFIGHTING** An active introduction to the sport of foil fencing, including: skills, history and the basics of competition. All equipment provided. (*There is an additional \$10 fee due on the first day of class.*)

- 11) IMAGINATIVE IMPROV** Through games and role playing, this class will explore the creative process of theatrical improv. You will get to come up with ways to show emotions, facial expressions and other aspects of the theatre in a spur of the moment fashion. (*third through fifth-grade students only*)
  
- 12) PAGE TO STAGE** Through exercise work, students will explore the creation and performance of original dramatic material. You will learn how to express yourself on stage so that the audience becomes part of your performance. (*sixth through eighth-grade students only*)
  
- 13) THE ART OF THE FAKE FIGHT** Using the art of "stage combat" students will learn to fall, roll and fake their way through a fight. (*mature seventh- and eighth-grade students only*)
  
- 14) LET'S GET MOVING** Do you know what muscle makes you run or turn a flip? This class will help you learn all about the muscles in the body while enjoying a lot of physical activity. You will label yourself and others with the names of the different muscles in the body.
  
- 15) WHERE DID THAT WATER DROP GO?** Join Garret Jones and Anne Marie Clarke of the Robert E. Lee Soil and Water Conservation District in exploring the environment around Sweet Briar College. Through a series of fun activities and games, you will learn what it takes for a small drop of water to fulfill its destiny and about the interesting plants and animals that it meets along the way. You will also learn what you can do to help keep our water clean and our environment healthy.
  
- 16) CREATIVE CAKE DECORATING** Learn the basics of cake decorating and make some of your own tasty treats. Imagination and willingness to try new things is required. Students will decorate cookies, cupcakes and work together as a group to decorate a large cake.

# Registration

Please complete the form below, detach this portion of the brochure, and return to the address on the back with your check or money order. Registration will be accepted on a first-come, first-served basis.

Name of Parent \_\_\_\_\_

Address \_\_\_\_\_  
\_\_\_\_\_

Home Phone (\_\_\_\_) \_\_\_\_\_

Daytime Phone (\_\_\_\_) \_\_\_\_\_

E-mail\* \_\_\_\_\_

Name of Child \_\_\_\_\_

Current Grade \_\_\_\_\_

Name of School \_\_\_\_\_

T-Shirt Size (choose one):

Youth  M  L / Adult  S  M  L  XL

# Class Selections

You will be enrolled in two classes. Please indicate the class number of your top **six** choices:

\_\_\_\_\_ Choice #1    \_\_\_\_\_ Choice #2    \_\_\_\_\_ Choice #3

\_\_\_\_\_ Choice #4    \_\_\_\_\_ Choice #5    \_\_\_\_\_ Choice #6

If you are unable to register for your top choices, would you still participate?    \_\_\_yes    \_\_\_no

I have enclosed my check or money order in the amount of **\$90** payable to **SWEET BRIAR COLLEGE-KIC**.

**\* Confirmation and class assignments will be e-mailed to you, so please be sure to provide your address.**
